Home and Community Telehealth SIG

Our SIG is dedicated to:

- Informing the public and lawmakers about the value of Telemedicine in improving the access to and quality of care and life for individuals while creating cost savings to payers.

- Supporting members in program development.

- Informing members about new business opportunities in home and community telehealth.

According to AARP, **90%** **of Americans** want to age in place.

OPPORTUNITIES

What providers are using telehealth?

- Home Health Agencies
- Hospices
- Palliative Care
- Physicians

- Nursing Homes
- Hospitals
- FQHCs
- RHCs

- Hospitals
- Employee Health
- Insurance Companies

Telemedicine has many different forms

- **Video Visits**
